MBA in Production and Operation Management

Graduate Program

Master of Business Administration (MBA)

MBA | **PRODUCTION AND OPERATION
MANAGEMENT**

The MBA in Production and Operation Management teaches you advanced strategies to improve the translation of product and service requirements into facilities, procedures, and operating organizations. This includes product design, production alternatives, facilities location and layout, resource requirements planning, quality control, and project management.

Our curriculum and hands-on approach contribute to effective and enhanced learning for all of our students. Studying production and operation management will broaden your career prospects with multinational businesses.

Upon completion of this course, students will be strongly positioned for leadership roles in Operations management, Operations effectiveness, Purchasing, Research and development, Production, Facilities and plant management.

Students will also be able to develop knowledge of the issues related to designing and managing manufacturing operations so that prosperity in today's job market is achieved.

The thesis

A thesis on a particular topic of your choice (with a Supervisor's approval) will be completed by each student in the last semester. There is considerable scope in the choice of subject areas by the student and the research method employed. Each student is allocated a supervisor who guides them through the thesis. The thesis aims to assimilate the theoretical and practical elements of the academic program of study.

Duration of program: A Semester runs for a period of three months. Our "Master's Degree" programs are completed within the period of four semesters (one year). We allow extension in the period of study, in case your courses could not be completed within the stipulated time frame. No additional fee, no extra charge for extension in the period of study.

How to apply

Prospective student must complete the Admission Form and pay the processing fee of \$45 USD or its equivalent. The processing fee is refundable if admission is denied.

Applications for the program:
