MS in Accounting and Finance Graduate Program

Master of Science in Accounting and Finance (MS)

MS

**ACCOUNTING AND
FINANCE**

Master of Science in Accounting and Finance is an intensive, study-based course, designed to create job-ready graduates with extensive knowledge. It aims to equip you with the skills necessary to gain high-level positions in the accounting and finance industries. This globally recognized course is a rigorous and demanding program that will provide you with a well-integrated knowledge of financial accounting, finance and investment, and management accounting. At every level you will also relate this to the wider issues of management and corporate strategy.

It will equip you to understand how and why companies report on their financial performance and position in the way they do and place an important prominence on analyzing real-world financial situations faced by business organizations. The ability to effectively understand and make decisions based on accounting and financial information is a valuable tool for a manager in any organization, regardless of its size or the sector in which it operates.

The “Master of Science in Accounting and Finance” program is designed to offer a unique blend of two disciplines and practice. Students completing the program will be well-prepared to pursue careers in investment management or accounting and to obtain professional designations like Chartered Financial Analyst (CFA) or Certified Public Accountant (CPA).

The thesis

A thesis on a particular topic of your choice (with a Supervisor's approval) will be completed by each student in the last semester. There is considerable scope in the choice of subject areas by the student and the research method employed. Each student is allocated a supervisor who guides them through the thesis. The thesis aims to assimilate the theoretical and practical elements of the academic program of study.

Duration of program: A Semester runs for a period of three months. Our "Master's Degree" programs are completed within the period of four semesters (one year). We allow extension in the period of study, in case your courses could not be completed within the stipulated time frame. No additional fee, no extra charge for extension in the period of study.

How to apply

Prospective student must complete the Admission Form and pay the processing fee of \$45 USD or its equivalent. The processing fee is refundable if admission is denied.

Applications for the program:

Applications for this program are made online by going to www.iicseuniversity.org/apply.html
